

Pre-Injection Alcohol Swabs

Strong Alcohol Pads single use, latex-free, Alcohol Pads are small enough to be carried in your pocket and strong enough to clean surfaces 10 seconds after application.

Wide Variety of Uses: These first aid wipes are ideal for cleaning surfaces, equipment, and other devices that contact patients directly. They are great additions to first-aid kits, clinics, EMTs, trainers, and at home use medical kits, too

Ultra-quick drying, smear-free disinfection wipes. High-quality 70% isopropyl alcohol kills 99.999% of pathogens on surfaces and non-invasive medical devices.

Pharmaceutical grade isopropyl alcohol evaporates quickly so wipes leave no residue or smear, yet kill 99.999% of pathogens including MRSA, E. coli, Pseudomonas and Enterococcus.
