

# Disposable Underpads

Experience unparalleled comfort and reliability with Duracare's incontinent pads,

Designed for both adults and children. Infused with Super Absorbent Polymer (SAP), utilizing the best American Fluff Pulp, our underpad boosts an impressive water absorption capacity of up to 1000 ml. The advanced SAP technology transforms liquid into a gel, ensuring a dry surface and preventing leakage, ultimately safeguarding against bedsores.

In our relentless pursuit of perfection and high quality, the Best Disposable DuraCare Underpad for adult use is specially crafted at our state-of-the-art factory. Under the supervision of skilled professionals utilizing cutting-edge machinery, disposable medical underpad undergoes precise processing. To guarantee its excellence, our quality auditors conduct thorough inspections, meticulously scrutinizing up to 10% of the finished products. Our mission – to produce linen saver pads that are both high-quality and practical.
